Safety Screw Clamp, Tiger

Product information

The Tiger CSS safety screw cam clamp with double eye anchor points & safety torque feature is suitable for many applications. This screw cam clamp is for all-purpose uses, such as lifting, lateral pulling and turning over materials. Adequacy of tightening can be visually confirmed by the visual torque safety feature.

- Spherical universal designed screw cam provides an extra powerful clamping force on a workpiece even when vibrations occur during operation.
- Cam holder and collar have phosphorescent (glow-in-the dark) paint for easy recognition of adequate torque tightening.
- No tools required – integrated adjusting screw spindle

Certification:
Each unit comes fully certified with a test certificate or an EC Declaration of Conformity stating compliance with the essential health and safety requirements of the Machinery Directive 2006/42/EC.
