Manual Chain Hoist KITO CB ATEX

Product information

General: This chain hoist gives you safe operation in potentially explosive atmosphere. It is protected against explosive gases, vapors and dust. Hereby KITO ensures the qualified use of the KITO CB ATEX chain hoist series conforming to the ATEX Directive.
Available for use in T4 temperature environments.

Options:
- Different suspension types include: include top hook and KITO Universal Trolleys TS model ATEX version (plain or hand geared trolley configurations) for improved load control.
- Overload Protection Device (OLL): the unique slip clutch mechanism protects the hoist from damage in the event of an excessive overload without increasing the size of the unit.
- Special capacities are available on request.
