

Snow Plough

Product information

Although potentially a seasonal attachment, the fork-mounted Snow Plough is invaluable when clearing freshly fallen or compacted snow is required to ease vehicle or pedestrian access, e.g., car parks, access roads, and service yards. Our customers often use it as yard scrapers in the wintery months.

Standard Features

- Fixed left-hand sweep angle – 15 degrees
- Detachable bolted steel wear strip
- Stand skids to ensure level scraping
- Zinc-plated twist screws for safe attachment to the truck
- Maximum fork section 150 x 50 mm at 683 mm centres
- Finished fully galvanized

Optional Features

- Rubber blade insert
