

Closed Spelter Socket

Product information

The closed spelter socket from the standard series has a wide range of applications as a steel wire rope socket for general use in any situation and under various conditions. If the minimum breaking load of the wire is not higher than that of the closed spelter socket, a 100% breaking load of the socket-wire combination is guaranteed. Non-standard sizes or custom products available on request. ISO 3189.

Working Load Limit: 20% of the MBL

Standard certification: Certificate of Conformity, 3.1 material Certificate EN 10204

Material: Cast steel

Temperature range: -40 up to +200 degrees Celsius

Finish: Painted or galvanized
