

## Ultra-Lok™ Block Self-Retracting Lifeline

### Product information

The 3M™ DBI-SALA® Ultra-Lok™ Self-Retracting Lifeline (SRL) is durable, lightweight, and engineered for safety, efficiency, and reliability. It is available with synthetic rope, stainless steel, or galvanized steel cable lifeline material, and an aluminium or thermoplastic housing. The design is a dual-mode SRL for fall arrest and integrated rescue systems.

The life-line extends and retracts with the users as they perform their work task. Should a fall occur, the speed sensing brake system will activate helping stop the fall and reducing the forces imposed on the user to safe levels. 3M™ DBI-SALA® Ultra-Lok™ Self-Retracting Lifelines represent quality and durable systems that help ensure performance when it is needed the most.

**Material:** Polyurethane Housing, Stainless Steel Cable

**Marking:** According to standard, CE-marked

**Standard:** EN 360
