

Fall Arrest Block IKAR HRA with Rescue Hoist

Product information

Fall arrest block with rescue hoist, with hauling chain. This chain has the advantage that no extra bracketry is needed for mounting. Hang the block, for instance, in the top of a tripod and the chain allows safe and efficient hoisting and lowering.

Fall arrest indicator.

Karabiner: std small swivel snap hook.

Material: Aluminium huis

Marking: According to standard, CE-marked

Temperature range: -40°C to +50°C.

Standard: EN 341, EN 1496

Note: The winchfunction is only for rescue. For general hoisting purposes of material loads or persons, winches are needed with dedicated certifications.
