

Self Locking Hook CL RT Green Pin® UXLCRT

Product information

The Green Pin® Self-Locking Hook CL RT is a grade 10 clevis self-locking hook with a recessed trigger. The self-locking hook locks automatically as soon as it is brought under tension. To release the load the user must manually unlock the hook, which prevents unintended release. The trigger has been recessed into the body of the hook to prevent being snatched or damaged. This hook offers complete safety for lifting as the latch cannot be removed. The clevis design enables a direct connection to grade 10 chain. The Green Pin® Self-Locking Hook CL RT is available in a range to suit 8 mm up to 20 mm grade 10 chain.

Certification on request: 2.1, 2.2, 3.1, MPIb
