Inflatable Lifejacket Alpha LALIZAS

Product information

The LALIZAS Alpha Inflatable Lifejacket 170N is an ISO 12402-3 certified inflatable lifejacket designed for coastal and inshore boating. Available in automatic and manual inflation versions, it provides reliable personal flotation in a compact, lightweight design that remains comfortable during extended wear while standing up to demanding marine conditions.

Best used for:

- Coastal and inshore boating, including yachts, tourist boats, and small craft.
- Recreational and light professional marine applications where a compact inflatable lifejacket is required.

Product benefits:

- ISO 12402-3 certified for compliant personal flotation.
- Optional integral harness certified to ISO 12401 for lifeline attachment.
- Automatic or manual inflation options suit different operating requirements.
- Compact, lightweight construction improves comfort during prolonged wear.
- Heavy-duty outer cover and easy re-packing support repeated use.
