Inflatable Lifejacket Belt-Pack Delta LALIZAS

Product information

The LALIZAS Delta Inflatable Lifejacket Belt-Pack 150N is an ISO 12402-3 certified inflatable lifejacket designed for recreational and commercial users operating in protected coastal waters. Its compact belt-pack design provides 150N buoyancy while allowing unrestricted movement, making it suitable where comfort, mobility, and space-efficient storage are important.

Best used for:

- Yachts, tourist boats, inland waterways, and protected coastal waters.
- Passenger transport, rental boats, and other vessels where compact personal flotation equipment is preferred.

Product benefits:

- Certified in accordance with ISO 12402-3 (CE) for approved flotation performance.
- Compact belt-pack design improves wearer mobility and simplifies storage.
- Available with manual or automatic inflation to suit operational requirements.
- High-visibility yellow bladder with reflective tape improves casualty detection.
- Oral inflation tube and quick-release buckle support convenient operation and adjustment.
