Inflatable Lifejacket Sigma LALIZAS

Product information

The LALIZAS Sigma Inflatable Lifejacket 170N is an ISO 12402-3 certified inflatable lifejacket designed for coastal, inshore, and professional marine use. Available in automatic and manual inflation versions, it combines a compact design with durable construction to provide reliable personal flotation while maintaining comfort during extended wear.

Best used for:

- Coastal and inshore boating, yachts, tourist boats, and small craft.
- Professional marine environments including shipyards, workboats, and wind farm operations, depending on the selected model.

Product benefits:

- ISO 12402-3 (CE) certified for compliant personal flotation.
- Available with automatic or manual inflation to suit operational requirements.
- Compact, lightweight design improves comfort during prolonged wear.
- Heavy-duty protective outer cover enhances durability in demanding marine environments.
- Multiple configuration options including harness, D-ring, crotch strap, and JS1 or HAMMAR inflation mechanisms for application-specific use.
