

Lifejacket Zela LALIZAS

Product information

The LALIZAS Zeta Inflatable Lifejacket is an automatic 290N inflatable lifejacket designed for offshore sailing, commercial vessels, and demanding marine operations. Certified in accordance with ISO 12402-2, it provides high buoyancy for users wearing heavy clothing while maintaining a slim, ergonomic profile for comfortable all-day use.

Best used for:

- Offshore sailing, search and rescue, and commercial marine operations requiring high buoyancy.
- Deck work, maintenance, inspections, and industrial marine environments where comfort and unrestricted movement are important.

Product benefits:

- Certified in accordance with ISO 12402-2 (CE).
- 290N buoyancy supports users wearing heavy protective clothing.
- Ergonomic, lightweight design improves comfort during extended wear.
- Black version available with D-ring and crotch strap for added functionality.
- Red work vest version features a durable PVC cover for demanding environments
