

Liferaft Atlantic II LALIZAS

Product information

The LALIZAS ISO ATLANTIC II L Liferaft is an offshore liferaft designed for recreational and commercial vessels requiring reliable emergency evacuation with limited survival equipment. Approved in accordance with ISO 9650-1:2022 Type 1, it is available for 4 to 12 persons and is offered in either a canister or valise for flexible installation and storage.

Best used for:

- Offshore sailing and cruising with limited survival equipment.
- Sailing yachts and commercial vessels requiring an ISO 9650-1 Type 1 approved liferaft.

Product benefits:

- ISO 9650-1:2022 Type 1 approved for offshore emergency use.
- PVC construction with HF and hot air welding, no glue used.
- Detachable inflatable arch and canopy simplify inspection and servicing.
- Available in 4 to 12-person capacities with canister or valise options
