The Roust-A-Bout Tackles the Tough Jobs:

The Roust-A-Bout operates in tight areas that are inaccessible for other lifts.

Loads can be lowered below floor level with the Roust-A-Bout's unique design.

Used in combination with Sumner's Adjust-A-Fit, the Roust-A-Bout can maneuver awkward objects for easy placement.

One man can position objects weighing 1,500 lb (680 kg) with infinite accuracy... up to 25 feet above!
